

# HOME VIDEO & PERSONAL PHOTOGRAPHS NEEDED FOR BBC DIANA, PRINCESS OF WALES, DOCUMENTARY

Sandpaper Films are producing a documentary about Diana, Princess of Wales to mark the 20th anniversary of her death.

We are looking for people willing to share personal home video footage or photographs that document the days that followed The Princess's tragic death, and which also reflect what Diana meant to them.

Did you travel to London to pay your respects to her? Did you camp in Hyde Park the night before her funeral? Were you on the cortege route on the day of the funeral? What did you capture on video or in photographs of those six days following the death of Diana? If you have any material which you would be willing to share we'd love to hear from you at: [dianadocumentary@sandpaperfilms.com](mailto:dianadocumentary@sandpaperfilms.com)
